If you see someone who is unwell, dial 15.

WHAT YOU SHOULD KNOW

Anyone over the age of 60 or with a handicap, is entitled to personalised support. You simply need to contact your mairie (town hall) or the CCAS (Centre Communal d'Action Sociale - Centre for Social Action).

During a heat wave

What should you do or avoid doing?

DRINK WATER REGULARLY

Moisten your skin with water and use a fan

Ensure you eat sufficiently

Avoid strenuous activities

Avoid drinking alcohol

Keep your home cool: keep the shutters closed during the day

Keep in touch with friends and family

WARNING!

You are particularly at risk if you are pregnant, have a baby or are a senior. If you are taking any medication: ask the advice of your doctor or your pharmacist.

What is a heat wave?

Your health may be in danger when:

The weather is very hot.

The temperature doesn't drop, or drops very little, at night.

It lasts for 3 days or longer.

IF YOU FEEL UNWELL, DIAL 15
